For the week/s of:	and	

Parents: please sign this form to verify that your student did the assigned work/reading that they have filled in below. It's best to have your student do his/her reading/other homework assignment in a place that you can actually witness it's being done. I ask that you check nightly, rather than taking the information he or she has written "on trust" at the end of the week/s. Remember you can always check what's assigned by clicking the calendar date at:
